

# SAFETY AWARENESS

## Always Remain Vigilant and Alert

1. Only carry out tasks using the correct equipment for the job.
2. Only perform tasks you are trained to do.
3. Check all equipment.
4. Always obey your airport speed limit.
5. Always observe the 2 metre (6 feet) rule.
6. No seat means no ride.
7. Never approach an aircraft until it is safe to do so.
8. Follow manual handling rules and always wear PPE.
9. Be cautious and alert when operating equipment.
10. Never leave equipment unattended when the engine is running.
